Greetings to all and warm wishes for a blessed and cheerful 2019!

Distinguished chief guest, Magnanimous Managing Trustee, Honourable Correspondent Madam, Revered Adviser, Members of the Managing committee, Amiable Administrative officer, Beloved Parents, our well wishers, my dear staff and students, I extend a warm welcome to you all. I'm elated to present the annual report of Sri Ramana Academy for the academic year 2018-2019.

We approach our 7th year of service towards providing quality education in Rajapalayam with the abundant blessings of Bhagavan Sri Ramana Maharishi.

We strongly believe in giving our students not just a formal academic education which is often just memorizing answers but we give importance to learn them how to get those answers. Thus we ensure that our students make use of all the opportunities that come along their way. We trigger each one of the students' curiosity and encourage them to step forward without fear.

Our educational goal is to make our students create new ideas and build new skills that help in their long run. We strongly believe that every student of our school is unique and special which make them create their own solutions in their future.
